

# City of Cuba- Streets & Alleys Committee Minutes

October 13th 2025

7:30 PM

## Committee Members in Attendance:

Alderman Yocum, Alderman Burgett, Mayor Cozart, Ms. Woods

Alderman Yocum called the meeting to order at 7:38 PM.

Ms. Woods provided photos of 6th Street and Van Buren, showing the locations of the existing streetlights. There are currently three lights on Van Buren; however, the street is fairly long, and the bulbs on those lights have not yet been converted to LEDs. Alderman Yocum stated he would contact Ameren to determine how many bulbs have been replaced.

The committee discussed the possibility of adding two additional streetlights in the future but agreed to first focus on changing the existing bulbs and trimming back any trees that may be obstructing the light.

Alderman Yocum and Alderman Burgett also discussed the need for four additional “Slow – Children at Play” signs to be installed on Van Buren and South 6th Street.

Motion and second to Adjourn at 7:49 PM, Alderman Yocum/ Burgett, All Aye's, Motion carried
